
THE FUTURE OF

democracy

The next issue of *democracy* will take up the theme of participation, with contributions from Douglas Lummis, Harry C. Boyte, Ulrich Preuss, Sara Shumer and Hanna Pitkin, and Sheldon S. Wolin.

Also in the October issue: Peter Stillman on Three Mile Island; John H. Schaar and Norman O. Brown on Jacques Ellul.

Future issues will contain articles by Thomas Bender on the city, Glenn Yago on urban transportation, James Livingston on the presidency, and review essays on modernism and tradition by Jackson Lears, and Soviet dissidents by William G. Rosenberg.

The editors of *democracy* welcome proposals for articles. Future themes will include: the city and democracy; law; and technology and democracy.
